

Conspiracy: The New World Order Introduction

Agenda 2030 is a reference to a document adopted by the United Nations called ***Transforming Our World: the 2030 Agenda for Sustainable Development***. This document was finalized on September 27th in New York City by the U.N. during their summit meeting involving 193 member nations all bound by the ***Declaration of Human Rights*** adopted after the atrocities of World War II. I think it is by no coincidence that this all occurred during the 4th lunar eclipse/blood moon, and during the Feast of Tabernacles. The U.N. uses a lot of important terms regarding this new agenda, including “global goals” and “new universal agenda.” This agenda is supported by major companies, celebrities, and obviously world leaders, including the pope, the figure head of the Catholic Church. This agenda is designed to bring the world into complete unity against poverty, disease, inequality and a host of other issues. They realize that if we consume the world’s resources at the current rate, and the population continues to grow we are going to run out of natural resources, and even contaminate existing resources. This agenda is about putting controls in place to evenly share the world’s resources so that the richer nations do not get all the resources while the poorer ones suffer. It is an aggressive, and elaborate place with lots of good goals, but minus the one thing it needs in order to accomplish it, Jesus, and a new kingdom without corruption and sin. God is eliminated.

The document itself is set up like a constitution, complete with a preamble, preliminary thoughts, and a declaration with 91 points broken down into 14 categories titled: introduction, our vision, our shared principles and commitments, our world today, the new agenda (which is 17 sustainable goals, PICTURE), means of implementation, follow up and review, a call for action to change our world, sustainable goals and targets (PICTURE), means of implementation and global partnership, follow up and review again, national level, regional level, and finally global level. Today we are only going to focus on the three points within the portion of the declaration titled “our vision” which covers points 7-9. This is a direct copy/paste from the document itself. It is available in its entirety in PDF format on the U.N. website.

*7. In these Goals and targets, we are setting out a supremely ambitious and transformational vision. We envisage a world free of poverty, hunger, disease and want, where all life can thrive. We envisage a world free of fear and violence. A world with universal literacy. A world with equitable and universal access to quality education at all levels, to health care and social protection, where physical, mental and social well-being are assured. A world where we reaffirm our commitments regarding the human right to safe drinking water and sanitation and where there is improved hygiene; and where food is sufficient, safe, affordable and nutritious. A world where human habitats are safe, resilient and sustainable and where there is universal access to affordable, reliable and sustainable energy. **(This point is only possible with a one world economy.)***

*8. We envisage a world of universal respect for human rights and human dignity, the rule of law, justice, equality and non-discrimination; of respect for race, ethnicity and cultural diversity; and of equal opportunity permitting the full realization of human potential and contributing to shared prosperity. A world which invests in its children and in which every child grows up free from violence and exploitation. A world in which every woman and girl enjoys full gender equality and all legal, social and economic barriers to their empowerment have been removed. A just, equitable, tolerant, open and socially inclusive world in which the needs of the most vulnerable are met. **(This point is only possible with a one world religion.)***

9. We envisage a world in which every country enjoys sustained, inclusive and sustainable economic growth and decent work for all. A world in which consumption and production patterns and use of all natural resources —from air to land, from rivers, lakes and aquifers to oceans and seas —are sustainable. One in which democracy, good governance and the rule of law, as well as an enabling environment at national and international levels, are

essential for sustainable development, including sustained and inclusive economic growth, social development, environmental protection and the eradication of poverty and hunger. One in which development and the application of technology are climate-sensitive, respect biodiversity and are resilient. One in which humanity lives in harmony with nature and in which wildlife and other living species are protected. **(This point is only possible with a one world government.)**

The Bible actually foretells the U.N.'s vision in Revelation and Daniel. Let's take a look.

Revelation 13:1-5 (NIV)

1 And the dragon stood on the shore of the sea. And I saw a beast coming out of the sea. He had ten horns and seven heads, with ten crowns on his horns, and on each head a blasphemous name. 2 The beast I saw resembled a leopard, but had feet like those of a bear and a mouth like that of a lion. The dragon gave the beast his power and his throne and great authority. 3 One of the heads of the beast seemed to have had a fatal wound, but men worshipped the dragon because he had given authority to the beast, and they also worshipped the beast and asked, "Who is like the beast? Who can make war against him?" 5 The beast was given a mouth to utter proud words and blasphemies and to exercise his authority for forty-two months. but the fatal wound had been healed. The whole world was astonished and followed the beast. 6 He opened his mouth to blaspheme God, and to slander his name and his dwelling-place and those who live in heaven. 7 He was given power to make war against the saints and to conquer them. And he was given authority over every tribe, people, language and nation.

This portion of the text refers to the one world government. All the world powers give their authority to one leader operating in the spirit of Satan himself. This person is referred to throughout the Scripture as the antichrist.

Revelation 13:8-15 (NIV)

8 All inhabitants of the earth will worship the beast--all whose names have not been written in the book of life belonging to the Lamb that was slain from the creation of the world. 9 He who has an ear, let him hear. 10 If anyone is to go into captivity, into captivity he will go. If anyone is to be killed with the sword, with the sword he will be killed. This calls for patient endurance and faithfulness on the part of the saints. 11 Then I saw another beast, coming out of the earth. He had two horns like a lamb, but he spoke like a dragon. 12 He exercised all the authority of the first beast on his behalf, and made the earth and its inhabitants worship the first beast, whose fatal wound had been healed. 13 And he performed great and miraculous signs, even causing fire to come down from heaven to earth in full view of men. 14 Because of the signs he was given power to do on behalf of the first beast, he deceived the inhabitants of the earth. He ordered them to set up an image in honour of the beast who was wounded by the sword and yet lived. 15 He was given power to give breath to the image of the first beast, so that it could speak and cause all who refused to worship the image to be killed.

This portion of the text refers to a one world religion. Finally this second beast will not only operate in authority over the first beast, but he will implement a new world-wide religion with him as the object of worship under penalty of death.

Revelation 13:16-18 (NIV)

16 He also forced everyone, small and great, rich and poor, free and slave, to receive a mark on his right hand or on his forehead, 17 so that no-one could buy or sell unless he had the mark, which is the name of the beast or the number of his name. 18 This calls for wisdom. If anyone has insight, let him calculate the number of the beast, for it is man's number. His number is 666.

This portion of the text refers to a one world economy. No one is certain what this mark will be, although there have been several conspiracy theories over the years. One thing is clear, once

someone receives the mark, they have made an irreversible covenant with Satan himself and they are doomed for destruction.

Conclusion:

Daniel chapter 7 gives an eerily similar prophecy. We will have to dive into all this later. All the rest of the Agenda 2030 document serves to implement the three vision points we covered today by the year 2030. I don't know when all this will happen, but according to the Bible, it will happen, and the power behind it is Satan himself. Over the next few weeks we will lay out each portion of what we discussed today in greater detail to include:

- Is there a small group of people operating under the spirit of Satan orchestrating world events?
- Is Gog and Magog falling into place?
- What influence does the illuminati and many other age old theories have today?
- What will the antichrist be like?
- How many nations will be involved in this one world system?
- What will this one world system called "New Babylon" in the Scriptures be like?
- How does Agenda 2030 fit into all this?
- A breakdown of the 17 Goals and what it will take to accomplish them.
- How is Israel involved in all this?
- What did Daniel mean when he said there would be an explosion of technological advances during this time?
- What role does technology and science play in bring this all about?
- What about the rapture of the church? Are we in the tribulation?
- What will life be like for those who are left behind after the rapture of the church?
- Are those being beheaded by ISIS today the saints under the altar in Revelation?
- What is the battle of Armageddon?

We will cover these points, and any others that we discover during this study.
