

NOTES OF THE WATCHMAN

Whenever there is some major world events coming, God usually send messengers to give notice and for people to get ready.

Ezek 3:17: Son of man, I have made thee a watchman unto the house of Israel: therefore hear the word at my mouth, and give them warning from me.

The world is about having a significant change in management and administration with the New World Order or System. God has sent out watchmen to alert His people. His people are all born again and converted Christians all over the world. Like in space or vacuum, no body hears the watchmen shouting. Frustrating and incomprehensible as more effort is put into it and no significant result as the targets are inert and non responsive. The watchmen's alerts are not received. People just continue their business and don't mind or acknowledge the alerts. If only they know what is coming. The watchman (Ezek 3:17) is the alarmist that they don't want to hear. The heart desires, lust and passion for unfulfilled goals block all sensitivity to the watchman's signals and alerts. There are no obvious indications of the threats or danger that he says. He stands alone, frustrated and called names. But the duty is done and their blood will not be on his head. God needs to be justified in His judgment; so He sends the watchman to warn and other messengers to collaborate His effort (Ezek 33:6-7). The published word of God (Ps 68:11, Is 52:7) is not only for salvation but also for judgment. It must be declared. People ignore the messages from God and do like the ostrich; they bury their heads in the sand hoping that it will all pass away. Rather, the screws get tighter as the system of darkness closes in. There is need to prepare in mind, spirit and physically; while avoiding violence.

Watch who you team up with as many spies and stooges for the New World Order (NWO) and the beast system, will be out to fish out the believers. Baits will be used; that include what you cherish (opposite sex, sex, money, position, riches, opportunities, glamour, fame, acknowledgement, etc). Don't look too far away, the operatives of the beast system are in the current system or government and families (Matt 24:10). From within it the leader of the system (beast) will break out, who is the antichrist. The development of the end of the world system is done and ready. It's the takeover event that is awaited. The trigger, cue, or what will start it is either natural or man engineered event.

The camps already made for emergency and disaster are concentration camps, going by the way they have been built. No escape will be allowed and the occupants will be used for resources, experimentation, food, and starved to submission, made to be obedient and receive the mark. Read, study and research more on these to know the reality of what is coming (2 Tim 2:15, Acts 17:11). Don't waste time and resources in social media but get to know what lies ahead and corresponding bible prophecies. There are a lot of biblical support of the taking away of the saints (rapture) that indicate that it will occur during or just about the middle of the tribulation, about the sound of the seventh trumpet. There is no biblical support for the teaching that the rapture is before the Great Tribulation.

This was introduced later in Christian history to incapacitate the Christians with a false hope that there will be a rescue mission to avoid Tribulation. Get ready.

Physical preparation for the Great Tribulation include and not limited to the following:

Forming close small units of about four per unit. Forming secret underground network of believers. Learning outback camping survival skills and ways to avoid taking the mark of the beast. Doing bible study that shows Christians going through the Tribulation. Gathering and distribution of materials. Knowing edible plants, storing long term food. Stocking up seeds to plant. Knowing water filtration and purification, married family planning and contraceptives. Keeping medicals. Identifying possible refuge locations and logistics, accumulation of available materials and study of historic similar events. Studying events that German concentration camps, American slaves underground train, return of slaves, location of possible Christian refuge centers, etc.

Since many will betray others, identification of potential traitors is crucial (discerning spirit) and devising strategies to avoiding them (Matt:24:10). Plan to return to old fashion communication systems. Take note of those that stand on the bother line as they can swing either way. You don't need them in your units. Teaching and training the young about martyrdom and why it can be possible and important. Cutting away psychologically and physically from the system is a requirement in surviving the Great Tribulation. Know that you may work alone for a long time before finding another watchman or Christian who is preparing for the Tribulation. Some will determine not to prepare even though they are aware. You may find them giving in to receiving the mark of the beast and even campaigning for others to do the same. He that overcomes to the end will be saved. Prepare in your mind to pay the ultimate price of your faith, martyrdom. Many Christians will be beheaded and killed, especially those that did not prepare to avoid the new world order or system (Rev 17:6, 20:4).

Self love, love of money and pleasure (1 John 2:15) will prevent many Christians from taking decision to avoid the coming world government. Therefore recognize the coming persecution; repent from self love, love of money and pleasure and take up your cross (Matt 10:38, Mark 8:34). Renounce the devil and his world system symbol or mark. Prepare and run for safety when your see the signs.

Many will feels betrayed by their pastors and church for they did not get them ready (Matt 11:6). God is sending help by this so that you will not have an excuse. The churches and pastors taught pre-tribulation taking away (rapture) of Christians (2 Cor. 15:52). Many will turn away from the churches and Christ and will receive the mark of the beast. They will be damned forever. Safer to be a martyr than to take the mark of the beast. The view that the two witnesses (Rev 11:3) are going to convert the uncountable millions of Christians mentioned in the Book of Revelations that will be killed by the new world system is not correct. The two witnesses will be prophesying and executing painful judgment upon the people of the earth. The people are going to be more hardened against God than converted then. People will not repent (Rev 16:11). The Rapture will be within the Great Tribulation at the sound of one of the latter trumpets (Rev 9:14-11:15). Get ready. Pray always. God bless you. Amen.
