

## THE COMING BEAST

I saw the following in a vision:

### The Vision

I was by the beach on a bright sunny day. The blue sea was relatively calm except for some minor rolling waves. The beach had some trees that looked like palms and some were in the low waters. I was swimming by the beach. There were a lot of people on the beach and a few were also swimming. There were more women and children than men. They were scantily clothed as is common on the beaches. The sandy beach had so many people sun bathing. It was a nice pleasant climate, more tropical. There were mainly white people and very few colored. There were hills in the distance from the beach.

### The Beast

Suddenly from the sea rose up a dinosaur from the waters by the beach. A reptile looking dinosaur. It was a mean looking one. The eyes were enlarged with greed to eat. The eyes were rolling about taking in the scene particularly the people, and moving its head from side to side as it considered the people. Although it was close to the beach, it was still some good distance away. And although the beast was over 60ft high above the water, none of the people noticed it. They saw it but did not indicate any care for the looming danger. Everyone was still busy with what he or she was doing; swimming, laying in the sun, walking about, or just chatting with each other. There was no indication of panic or acknowledgement of the beast and what it represents. The sea, though deep in the area where it appeared, only covered its feet. The eyes were large, angry, hungry, and filled with greed.

The beast I saw was like the one here but fiercer and bigger. And the eyes were larger. This is the closest to the one I saw that I could find. The teeth were longer and more nasty. After observing the dinosaur, I started to wave my hands to the people to run away. I was shouting and screaming to them to run for their lives; otherwise they will be consumed. Strangely there was no reaction to me or to the beast. The people appeared not to hear me or see the beast. They were just not concerned about what was coming. They looked and saw the beast and me warning but they just ignored me. Seeing that the people were going to be consumed, I started to ask God what I am to do. Then the knowledge and awareness came to me that nothing can effectiveness affect the beast except

from inside it. So I have to be swallowed by the beast. I was concerned about the fierce teeth that can easily tear me in bits. Again the voice said that the teeth will not get to me, but that the beast will swallow me whole. I stood up from the swimming position and started walking towards the beast. It's gaze turned from the people downwards to me that was far below it and I woke up. I prayed for understanding of the vision and what it means. The following is the interpretation I got.

### **Interpretation**

The beast is the new world government, a system, that will consume a lot of people. The dinosaur or system will be the arch enemy of the vision receiver and the people. The system will start from a white dominated and populated area of the world. It will waste the young and old, men and women, strong and weak. It will destroy a lot of people. The people will be hypnotized and will not acknowledge the new system as destructive. They will not listen to any warning but will rather despise those that will be sent to warn them. They will continue with what they are doing. Their coming end will not be noticed. The people will be busy with entertainment and pleasure. The system will crawl up on them. It's appearance will not look evil to the people. The system of the new world government will have ability to watch the people because it has large eyes. It will watch everyone and be able to note what each person is doing before jumping on them. It will suck up so much information of what everyone is doing and know their positions before it is launched. It will have a cover so that the people do not notice it. The people will not pay attention. Read Revelations Chapters 13 & 14 also for more understanding of what is coming very soon.

Don't join the Antichrist government (New World Order) or accept the number (RFID chip) that will be given soon (Revelation 13:18, 15:2). Beyond death is eternal life with the Lord Jesus Christ (John 3:16). That was also shown to me in another vision.

### **The things to be doing:**

1. Read every word the Lord Jesus spoke. Just read them in your bible over and over again.
2. Separate yourself from the world system even with all it offers. Denounce the rebellion against God.
3. Do not love the things of the world above the commandments of God and His Spirit.
4. Pray always and fast often.
5. Give to the course of the gospel, and devote time to preaching and teaching Christ.
6. Love God and the people He made. Just love people by the Spirit of God in you.
7. Preach Christ, all He has done and that He is coming very soon (Matt. 28:19-20)..
8. Pray this dedication Prayer:

The father of my Lord Jesus, I worship you for all that you have done for us. You gave Jesus Christ, your son to die for my sins. Forgive me for my known and unknown sins, my omissions and shortcomings. Wash me with the blood of Jesus and make me clean in your presence. As you wash me, fill me with your spirit to identify more with your desires. Give me memory of your commandments and word. Guide my ways that I be not distracted from the way. Prepare me to meet the Lord Jesus Christ. Give me the opportunity and strength to tell people about Jesus Christ. Keep me in your love and grace. Amen
